Issue: No. 2, 2017

Message from the IVETA President

President's Message Bob Mahlman, United States

As we complete the first quarter of 2017, I am pleased to see that members, especially the Executive Committee, have been actively promoting IVETA within their regions. As outlined early in the year, we would like to keep activities and priorities focused on identifying member needs, increasing membership and member benefits, establishing more Regional Offices and Liaison Officers, and ensuring the website provides good information and is accessible. As part of this effort, we have formed a Membership and Marketing Committee. Javier Amaro has agreed to chair this committee. Any IVETA member in good standing is eligible and encouraged to be part of this committee. Please contact Javier at javier.amaro@insources.com.au for further information or to volunteer. On a related note, the IVETA website has been completely refreshed in recent months.

In parallel to the creation of the Membership and Marketing Committee, we are also creating a Finance Committee within the Executive Committee in order to streamline our financial decision-making processes and to better track the financial performance of the organization.

Another accomplishment for this first quarter is the revision of the Microgrant Program. This program is now called the TVET Innovation and Improvement Fund (TIIF). The guidelines and eligibility criteria have been finalized and are now up on the website. Follow this link to learn more: <http://www.iveta.org/benefits>. On the topic of grants, the Center on Education and Training for Employment at The Ohio State University (my organization) has offered scholarships for their week-long DACUM job analysis institute to the IVETA Membership. Several applications have been received.

As we move into the second quarter of 2017, several additional policies are coming under review. These include the Regional Office and Liaison Officer policies, the IVETA membership policy, IVETA awards policy and procedures, and publications policy.

A major accomplishment this quarter is the release of the IVETA Journal Volume 24, Number 1. The transition of the journal editorship from Davison Mupinga to Elizabeth Richard and Robert Clark has been successful, and the recent journal is available online. I'd like to thank Drs. Richard and Clark for volunteering their time to serve as Co-Editors. I'd especially like to thank Dr. Mupinga for his many years of exemplary service to IVETA editing the journal.
